

ATTENTION

Notice on Revision of "Additional Fee for First-Time Patients without a Referral" (SENTEI RYOYOHI)

The amount of "Additional Fee for First-Time Patients without a Referral" will change as of **Oct 1, 2022**

"Additional Fee for First-Time Patients"
(When you visit us without a referral)

Until Sept 30, 2022

JPY 8,800

(tax included)

From Oct 1, 2022

JPY 11,000

(tax included)

What is SENTEI RYOYOHI? •••The Japanese Ministry of Health, Labour and Welfare requires all patients who visit a hospital with 200 or more beds without a referral to pay an additional fee. If you are a new patient and you do not have a referral document from other hospitals or clinics, you will be asked to pay this fee in addition to your treatment fee and first-visit fee.

This fee has been changed due to FY 2022 revision made in the Japanese medical fee system.

We appreciate your understanding and cooperation.

Center Hospital of NCGM
